ALASTAIR KELLOCK

Alastair has been a valued member of the Dingley Village Community Association since its inception in 1991 and his professional background has enabled him to assist the Association to think in terms of planning and preparation prior to action.

With Alastair's invaluable assistance the D.V.C.A. has instigated several major planning processes, which have included the shopping centre and the overall landscaping plan for the Village. With a little help from Alastair we have found ourselves at the Administrative Appeals Tribunal and more recently the Supreme Court!!, but Alastair's commitment to Dingley Village has not wavered.

Alastair and June moved to Dingley Village in 1975 and raised their three children Matthew, Anna and Claire with much involvement in the local community and Church. Alastair served on St. Marks Education Board for 2 to 3 years, on the Parents Association of Dingley Scouts for 1 year and filled in as temporary leader when necessary. He was a Queens Scout and attended Lord Somers Camp representing Haileybury College. Alastair was also involved in early setting up of the St. Vincent de Paul conference in Dingley Village.

The community at large is unaware of the debt it owes to Alastair, but the D.V.C.A. is delighted to have this opportunity to say "thank you and well done Alastair".
